TOMLINSON TO BE TRIED AGAIN

Jury was Unable to Agree Having Stood Nine to Three for Conviction-Bond Reduced to \$3,000-Arguments on Motion for a New Trial in Cooper Wire Case-Murder Case Today.

The case of the state vs. George Tomlinson, charged with criminal assault upon Helen Smith was concluded in the criminal superior court here Tuesday. It occupied nearly the entire day, although some other business was taken up while the jury was deliberating, but it resulted in a disagreement, so that there will have to be a new bond. The court fixed the amount at trial. It was reported that the jury \$2,000. Tomlinson went to jall for the Tuesday, It occupied nearly the entire day, although some other business was taken up while the jury was deliberating, but it resulted in a disagreement, so that there will have to be a new trial. It was reported that the jury stood nine to three for conviction, but t was impossible to get any change one way or the other. At the opening of court at 9 o'clock

At the opening of court at 3 o'clock. Tuesday morning arguments were made by Attorneys Geary and Hull, after which Judge Wheeler delivered his charge, and the case was given to the jury at 12.10 o'clock. At 1.45 o'clock they went to lunch for an hour and returning to their room went at the case again. The jury did not report until 3.55, when Foreman Frank L. Arnold stated that no verdict had been reached. Judge Wheeler asked them to return for further consideration of the case, and they went back to the jury room, where they remained until 5.06, when Foreman Arnold reported that they had not agreed. When asked by the clerk if they had agreed upon a verdict, he said: "We have not. We cannot agree."

When the jury went out to consider the Tomlinson case the motion for the setting aside of the verdict and the granting of a new trial in the copper wire case of the state vs. Abraham Fox et al. was called up by Judge Wheeler for argument. The reasons for an arrest of judgment cover thirty-eight pages and concern the failure of the jury to render a full verdict in the communication between the jury and the court about which the defendants' attorneys knew nothing. Clerk Parsons, Messenger Tilly, Constable Stanton, Stenographer Hoffman were called to testify regarding the jury's verdict and the recalling of the jury's verdict and the recalling of the jury's verdict and the recalling of the jury o

We cannot agree.'

Judge Wheeler thereupon discharged them from the consideration of the case and excused them until this morning at 10 o'clock, but excusing the talesmen for good.

Alternacy Constable Stanton told of the jury for an affidavit which he communicated to the court. The court said that they could not have the paper. If they wished to communicate with the court they must come in and he took his seat. They Attorney Geary asked to have the bond fixed in the case, and the court

accused had been very troublesome during the past year, and his attor-ney even was not able to locate him when he was wanted. Witnesses have had to be kept here as it was impos-sible to tell when the case could go on, and the accused had run away sevon, and the accused had run away several times. The bond of \$2,000 had not been sufficient to hold him. "I intend to try him again," said the state attorney, "because I believe him guilty." Because of personal knowledge of certain statements I intend to try him again. He made a statement about tain statements I intend to try him again. He made a statement about things which are not true at all." The state attorney stated that while in conference with Attorney Denison and the accused's mother that the attorney said: "His mother and I have advised him to plead guilty." The state attorney said that he couldn't advise him. "His statement of my offer of a light sentence, if he did so, is absolutely false," said the state attorney.

ror Hull. The arguments regarding the affida-vit were then resumed. Attorney Shields asked to have parts of the affidavit which were marked admitted that they might be included in the evidence. Judge Wheeler refused this, stating that if it had ever been read to the jury it ought to be allowed, but as it was not the motion regarding it as It was not, the motion regarding it s overruled. An exception was taken. He further said that if the attorneys had not objected it would have been in. If the court had admitted it, it would have been objected to, which is not in writing. He said he did not care to hear any arguments further upon that, as it was not admitted in the trial.

Attorney Shields then spoke upon His statement of my offer of a light the other two matters, claiming that the state attorney. This girl is a friendless child and she coked neglected and ill treated when she came here as a witness, said the state attorney, and he considered there should be a sufficient bond to hold the after which time court adjourned until this morning at nine o'clock we the arguments will be completed. Attorney Geary said Tomlinson was a hardworking, industrious young man, having left a job at Saylesville, and is a partial support for his mother. If the bond is large he will have to stay in jail. His mother has property valued at \$4,000 and will go on his bond.
